Day & Boarding School

# THE SCHOOL

Calcutta Public School, Ormanjhi, in Ranchi is a unit of the well known Jha Educational Trust, that runs several schools including the famous Calcutta Public School in Kolkata. Calcutta Public School, Ormanjhi, Ranchi is affiliated with Central Board of Secondary Education (CBSE), Delhi (10+2). Our School in Ormanjhi, Ranchi will implement the same policies and strategies that lead to the success of our schools. The schools under the trust shaped the life of thousands of students over the years achieving excellent academic performance besides training the students in various skills and developing their personality through varied activities. The expertise we have will be available for our school in Ormanjhi, Ranchi. The School now opens the doors for children from Lower Nursery to class XII. Admission for Day Scholars opens from classes Lower Nursery to IX and XI and Admission for Boarders (Residential Students) is open only for boys from class III to IX and XI.

“Being ignorant is not so much a shame,  
as being unwilling to learn.”

-Benjamin Franklin

# THE JOURNEY

## ABOUT FACULTY:

All the teachers at Calcutta Public School, Ormanjhi are core professional and children friendly. We believe that children think and learn differently and their intelligence is expressed in a multitude of ways. Hence our curriculum as a multifaceted approach incorporate all intellectual domains. Teachers create invigorating ambience that kindles the curiosity fo every child.

Our teachers try to develop the different faculties in the mind of children from the very beginning through academic and co-curricular activities as per our education system.

All the teachers are well educated and professionally trained for class room management and other techniques for the development of the students.

## VISION:

To achieve excellence in education by providing child-centric education and to nurture our students to become concerned, disciplined and responsible citizen and assume (acquire) leadership in diverse fields.

## MISSION:

To create a learning environment which encourages students to acquire an inquiring mind. The school recognizes that each student is unique and therefore adopts an instruction style suitable for individual needs and aspirations. Our school is committed to provide a caring, orderly and supportive environment. We also strive to have our parents, teachers and community members actively involved.

## OBJECTIVES:

Awakening the latent potential within our wards and guide them to actualize their potential. Installing the virtues of good habits, moral values and discipline in the students. Imparting knowledge and skills required to succeed in a competitive environment. Creating an environment suitable for all round development of personality. To be the school of choice for students from far and wide. Cultivating adaptive trades to face adverse situation providing state of the Art facilities and opportunities for healthy development of body and mind.

## CHAIRMAN'S DESK

Calcutta Public School, Ormanjhi, is the offshoot of our prestigious School in Kolkata. Our aim in establishing the school is to transform our children into full-grown intelligent boys and girls through quality education of high standard. There is rapid change in the methods of learning and it is no longer through rote learning but through stimulating the love for knowledge and developing habits of independent study. We provide children in our School opportunities to excel in studies as well as to showcase their talents and to harness their creativity. We nurture our children to be well rounded, and so that they can adorn themselves with the ethos of our cultural hierarchy. We expect our children to be the visionaries and righteous, honest and sincere, the future leaders of our nation.

“I am always doing that which I cannot do,  
in order that I may learn how to do it.”

-Pablo Picasso

## VICE CHAIRMAN SPEAKS

Education involves not only the rearing and training of a child, but also strengthening the powers of the body, mind and soul with which a child is born. This is an integral part of development of the faculties, lying dormant in children. It is the motto of "Calcutta Public School, Ormanjhi" to impart Quality Education for the students to learn the values of integrity and honesty, to think rationally and to judge logically. We believe that pursuit of knowledge is not only the aim of education. Stuffing the child with facts related to Science, Literature, History and Geography is useless unless we can teach the child how to use this knowledge. Thus, acquisition of knowledge from books is not enough. One must be taught how to modify and mould this knowledge to suit one's need. Knowledge must be acquired with the mission of using it not only for one's own benefit but also for the uplift of the society and prosperity of the country. Through success in life is the ultimate goal of education, it must not be achieved at the cost of the basic values. The person who can rightly understand what is to be attained and what is to be abandoned is fit to be defined as a man of character and wisdom. Thus "Calcutta Public School, Ormanjhi" aims at building up the character and personality of the students. We strongly believe that the essence of education lies in the development of a well rounded personality that combines the virtues of strength and humility. In fact, a child, like a seed has bundle of faculties hidden in him. It is the teacher, the gardener who has to nourish, protect and help the child to grow to the full potential in order to be a good citizen.

"Education is not the learning of facts,  
but the training of the mind to think"

-Swami Vivekananda

# PRINCIPAL SPEAKS

Our school is a special place where the students, teachers and guardians work together to establish an atmosphere ideal for the development of the personalities of the children. We are committed to help in their grooming so that they can blossom into well rounded personalities. We wish to be recognized as a school of choice not only at Ranchi but also well beyond the borders of jharkhand. Our teachers are specialists in their respective fields and would take utmost care to ensure that the students get adequate care and attention to blossom into well educated and responsible citizens of the country. Our role as a teacher is varied, it is not solely to impart knowledge, it is to inspire, motivate, develop self beliefs and inspire the students to be creative. We are more of facilitators, than the old fashioned class room teachers. We wish to bring in newer concepts of teaching commensurate with the requirements of an ever changing and evolving society.

“Life is a continuous process of  
self-discovery and growth.”

-Sister Nivedita

Resident students should bring accessories also from home as per the list.

Our uniform is part of our school identity,  
uniting our students and we hope that they  
take pride in wearing that.

- Bryan Thomas

## DISCIPLINE

Discipline is the integral part of life. Nothing can be achieved in the absence of discipline. Special code of conduct, good manners and sense of self respect and respect for others including the classmates, teachers and other co-workers. A disciplinary committee supervises day-to-day discipline inside the school. Students are required to abide by the directions and rules and regulations framed by the school in the regard. Indisciplined students may be compelled to be withdrawn from the school, if the principal considers conduct of the student detrimental to the institution.

## ATTENDANCE

80% attendance is a must as per school rules. During school hours no student is allowed to leave school premises without the permission of the Principal or Incharge. An absentee must produce a letter from parents / guardians explaining the cause of absence. A continued absence for 15 days without prior information is liable to get his / her name struck off from the attendance register. The leave application on medical ground must be accompanied with medical certificate at the time of rejoining the class. In case of any infectious disease, it must be clearly mentioned in the medical certificate. The student affected with or expose to such disease, must inform the school authority and he or she should complete the quarantine period before he / she rejoins the school.

## SCHOOL HOURS

The school academic session is from April to March.

### TIMING (Winter)

8.00 a.m. to 12.00 noon  
for Lower Nursery to Transition:  
8.00 a.m. to 1.20 p.m. for class - I to XII

### TIMING (Summer)

7.30 a.m. to 12.00 noon  
for Lower Nursery to Transition:  
7.30 a.m. to 1.00 p.m. for class - I to XII

Regular classes are not held on Saturdays but students may be called for special activities or remedial classes.

## FEES

Besides annual session charges and other fees (whenever necessary), students have to pay regular monthly tuition fee by the fifteenth day of the current month. Fees will be variable in subsequent years. Tuition fees will be accepted at the school counter between 8.00 A.M and 2.00 P.M. from the 1st to the 10th day of every current month. Defaulters will be charged a fine of Rs. 10/- after the 10th day of the current month. Name will be struck off from the attendance register in case of nonpayment of fees for more than three months. Re-admission is possible only after the clearance of all dues. Examination fee is to be paid before the start of each examination. Admit card will be issued only after the payment of examination fee and other dues, if any.

Detailed fees structure is provided for Day Scholars and Boarders (Residential).

Fees for boarders should be paid quarterly in advance.

Fees for senior secondary section should be paid quarterly in advance

## TEACHING STAFF IN PRE - PRIMARY CLASSES

The school has a team of highly qualified, trained and experienced teachers selected purely on merit basis. In primary wing most of the lady teachers are convent educated and kindergarten trained. Nursery classes are conducted in a frolic manner. Special audio-visual educational aids train the kids in learning correct pronunciation and lilting tunes in rhymes and recitation methods. The kids will get our focused attention all along. Our teachers are guided by expert educationists, so that they can inculcate the true essence of knowledge amongst kids.

# PARENT TEACHER MEETING

As we are a community of learners with the children being the most vital members, we seek utmost cooperation from the parents.

The student diary is a regular bridge of communication between the teachers and the parents. Parent Teacher Meet is convened at regular intervals for face to face dialogue and exchange of views of the cherished improvement of the wards concerned. Regular Parent-Teacher meeting gives parents a venue to discuss school programs and facilitate regular and transparent communication between parents, teachers and school administration. It also provides a forum for expression and exchange of views in the general interests of the students. This has brought about a radical change in creating a harmonious relationship between the guide at school and the caretaker at home. The response has been quite encouraging. Parents and teachers are joint agents to shape the life of the child. There should be proper understanding between them in the interest of the child. The meeting between parents and teachers provide opportunities to exchange ideas and to understand the problem of the child in school and at home and find the common solution. The co operation of parents in all activities of the school is important as they are part of the school family.

“Education is the most powerful weapon but  
of the lifelong attempt to acquire it”

# CO-CURRICULAR ACTIVITIES

## FIELD TRIPS:

It allows students to have real world experience, which clearly illustrates and enhances the information taught in the curriculum. Field trips give a chance to experience hands on learning while being introduced to new environments.

## ART & CRAFT:

In our Art & Craft classes our students are taught a variety of skills like-Creativity, Confidence, Decision Making, Visual learning, Perseverance, Collaboration and accountability.

## MUSIC & DANCE:

The music classes in our school serve as a platform for creating tiny musicians in all genres and skill levels. It enables them to learn vocals, rhythm and pitch in singing and to use instruments like keyboard, drums and guitar. It also helps to showcase their talent at various events in inter school and intra school competitions.

## YOGA & KARATE CLASSES:

Yoga classes help strengthening children's growing bodies and help them to improve their flexibility, which can reduce their chance of injury. Yoga teaches discipline and reduce impulsiveness. Yoga can reduce challenging behavior in the classroom by providing a physical outlet for children to express themselves.

Karate training offers many benefits for young children like: improved physical fitness, superior mind-body co-ordination and self-discipline, mental strength, Determination to work towards goals, Respect for others and self.

## SPORTS:

Inclusion of games in our curriculum of studies is, very important for the physical & mental well being of our students.

**Inter house competition:** Our school is divided into four houses. They help to develop mental, physical and creative abilities of a child and make them confident meritorious students, who can face challenge positively. We organize inter house sports activities regularly.

**Inter school competition:** Our school participate in different sports under inter school competition, organized by any school, Govt. or other institution to develop sports sprit amongst school students.

**CBSE and state level competitions:** Different sports competitions are organized by CBSE at Zonal Level/ National Level. State Govt. also organizes different sports competitions like KHELO JHARKHAND etc. Our students take part in all these activities.

## OUR LATEST INITIATIVES

### Skill Education For Classes VI To XII

Skill Development in education supports a student's holistic development in many ways. In this way it helps students, who identify their individual strengths and weaknesses. Through Skill Development, students imbibe ability to utilize one's knowledge for execution. With the help of Skill Education Modules, students may prepare their career in early age. They develop respect for different professions in the job market and society. We have implemented Skill Education since class VI, so that students may have better exposure to the world apart from books.

## AI AND OTHER TECHNOLOGY COURSES

With the growing pattern of technology and its advantages, the need of the hour is to promote our young students for the special education of technical courses / skillsets. We have several plans to make our students future ready for the upcoming job market and changing professional requirements. We have introduced Artificial intelligence and allied skillsets for the betterment of our students.

# BOARDING DETAILS

- The school provides modern boarding facility from class III to XII for Boys.
- Boarders will be provided in dormitory type accommodation and round the clock security arrangement.
